9th November 2010

Certificate of completion

given to *Dr. Ilya V. Sysoev*

to confirm the successful completion of the scientific probation
“Study contemporary methods of biomedical data processing and analysis”
at Brunel University, West London

Time of probation covers 72 academic hours (27.10.2010–09.11.2010)

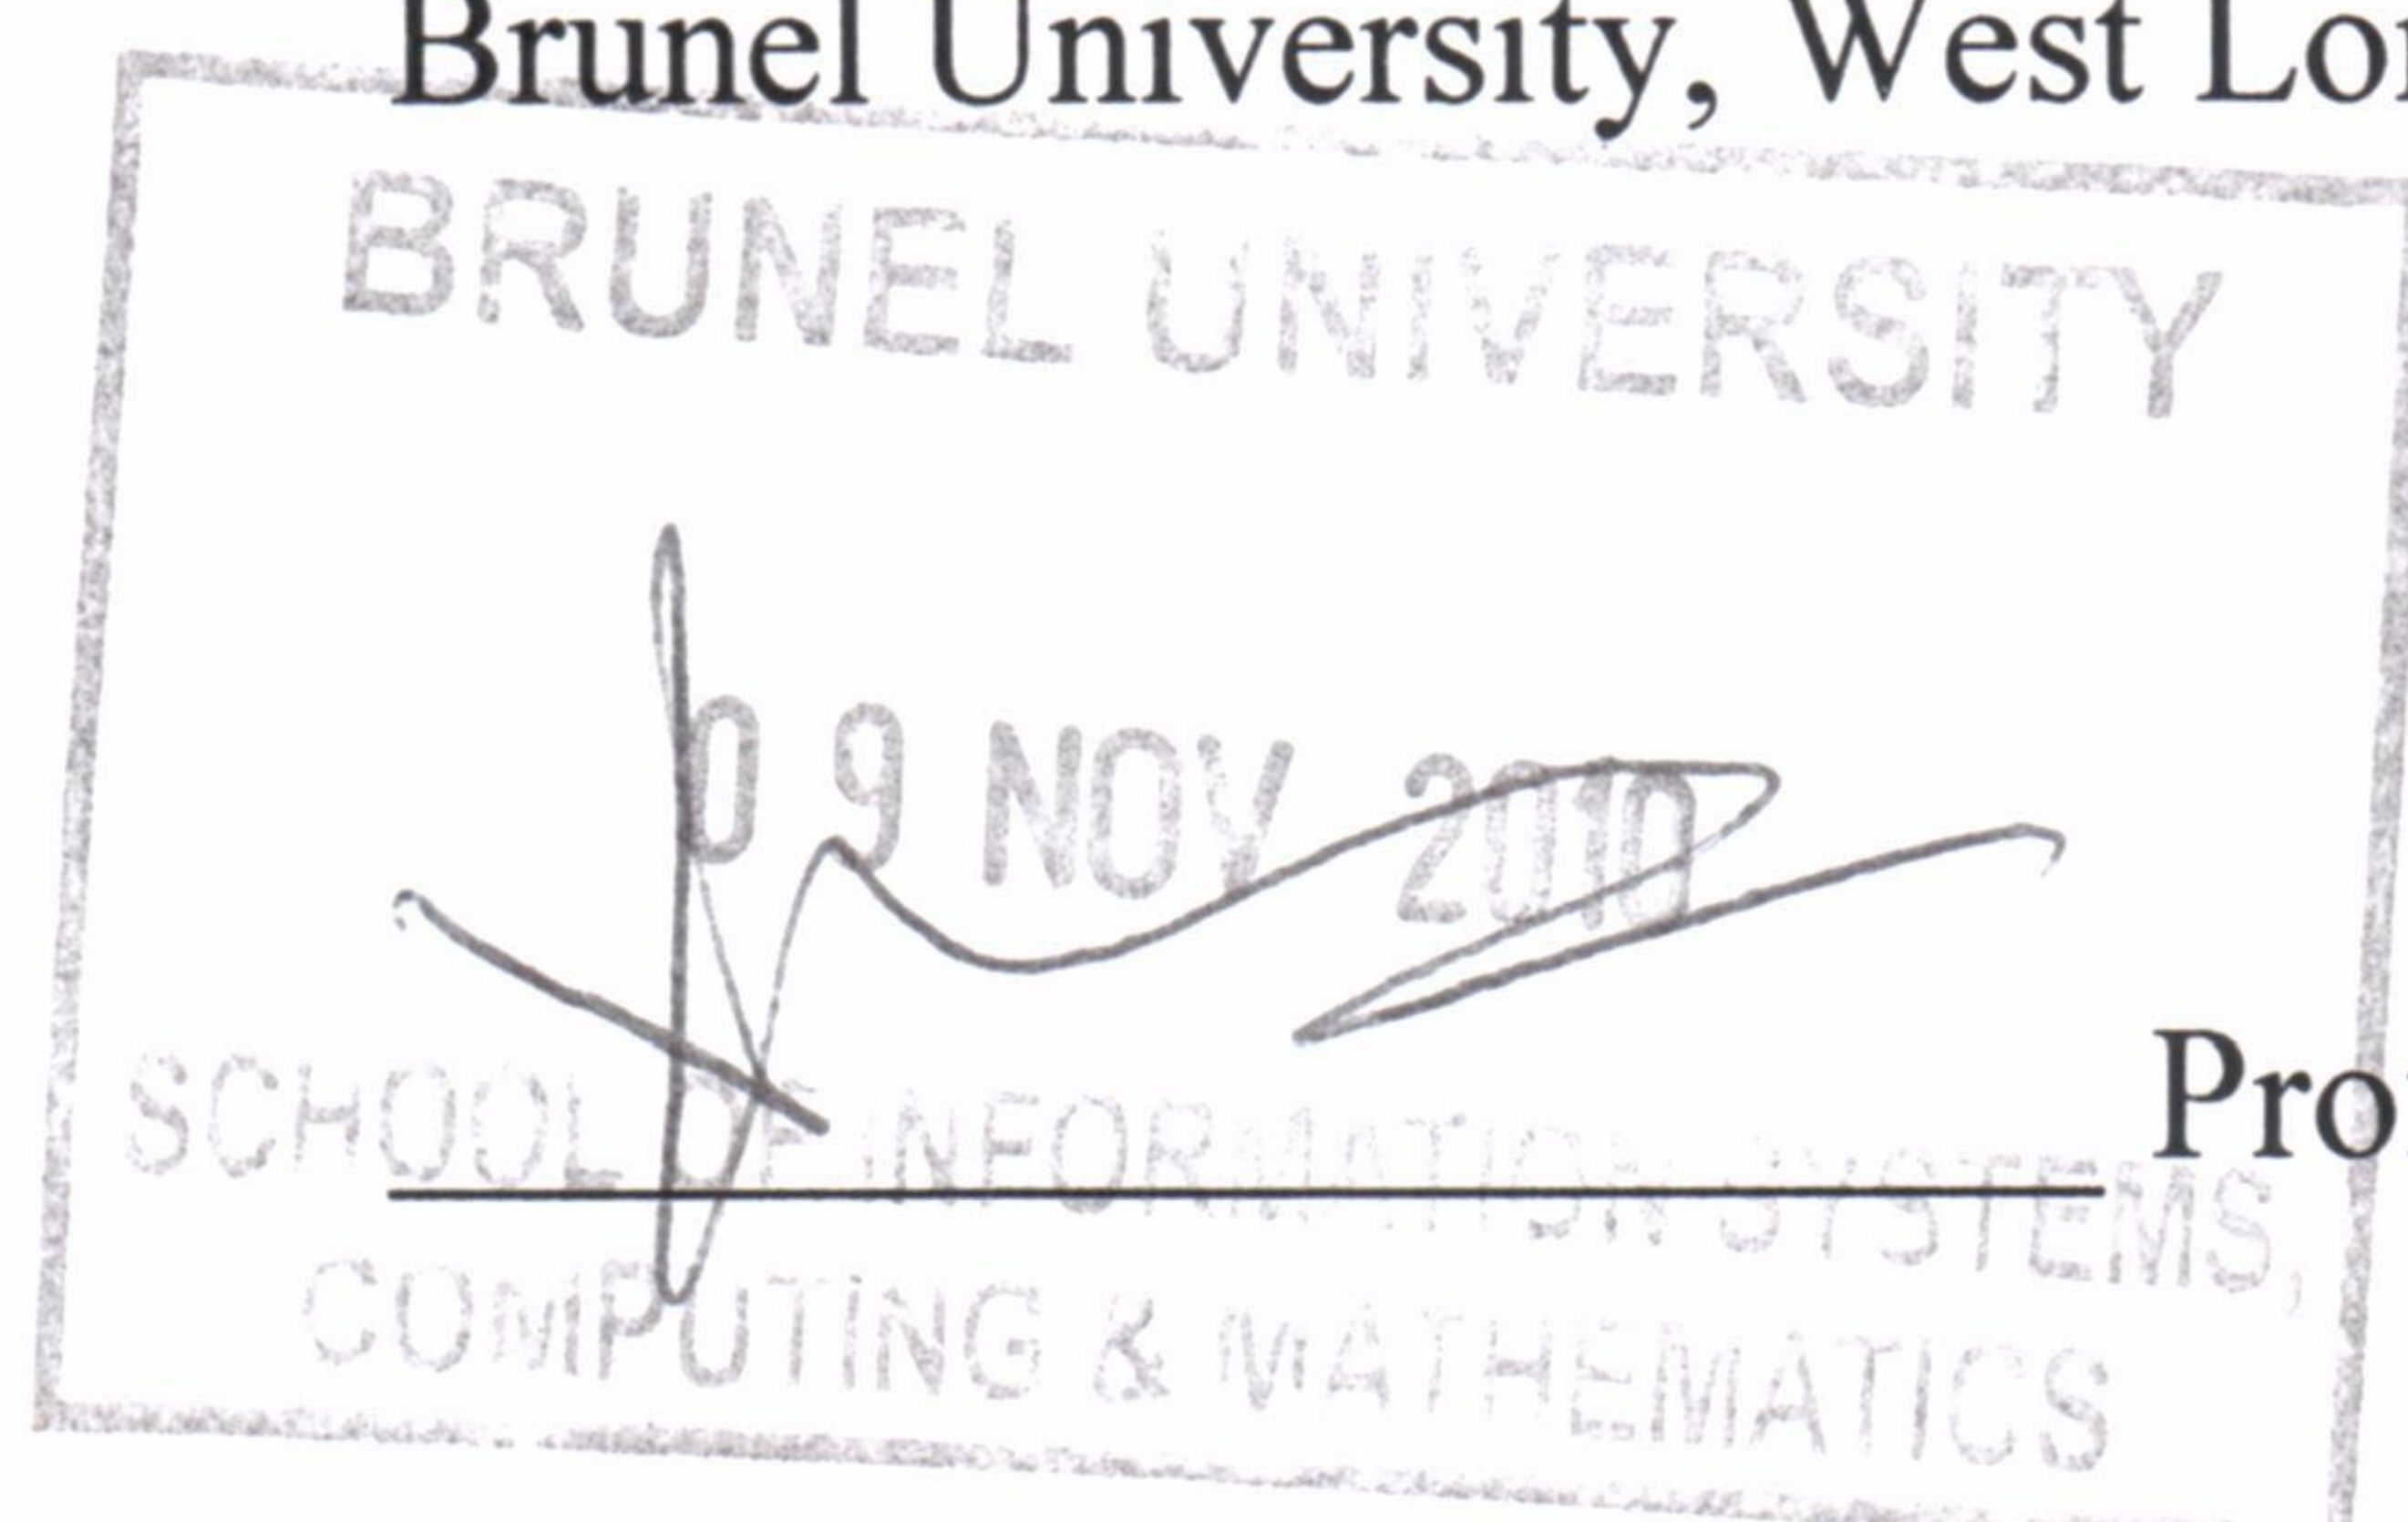

Attended courses

1. “Introduction to Stochastic Programming. Part 1: Optimum Decision Making under Uncertainty” by Prof. Dr. Guatam Mitra;
2. “Introduction to Stochastic Programming. Part 2: Scenario Generation” by Prof. Dr. Guatam Mitra and Dr. Dominik Hollman;
3. “Linear Programming Modelling” by Dr. Cormac Lucas and Dr. Christian Valente;
4. “Advanced Multiprogramming Modelling” by Dr. Cormac Lucas and Dr. Catherina Schwainger.

Individual training programme

As an individual training he also attended seminars in different aspects of nonlinear dynamics and data analysis application to biological research given by Prof. Dr. David Gilbert, Prof. Dr. Xiaohui Liu, Dr. Crina Grosan, Dr. Lucia Sacchi and Dr. Gordan Ross, lecturers and research staff members of School of Information Systems, Computing & Mathematics, Brunel University, West London and Imperial College, London.

BEng, CEng, PhD, FBCS, CITP
Director, Centre for Intelligent Data Analysis &
Deputy Head of School (Research) of Information Systems,
Computing & Mathematics,
Brunel University, West London.

Professor Xiaohui Liu
